Standard Ketch-All Poles

- Baton type is the most useful in confined areas.
- 3 ft is great for veterinarians and kennel use.
- 4 ft is the most popular pole for general use.
- 5 ft is popular because of it's additional length and larger noose.

Extension Ketch-All Poles

- 4-6 ft is useful when additional length is needed.
- 7-12 ft is useful to rescue animals from waterways and trees, etc.

Ketch & Release All Pole

These poles feature an emergency release mechanism. A simple lift and slide of the knob allows the cable loop to drop away. Also features the swivel head mechanism, making this pole unlike any other on the market.

Extra-Large Noose Ketch-All Pole

Helpful in times when an additional noose size comes in handy.

Cat Grabbers

Very popular for handling cats.

Protection Gloves

Comfortable heavy duty leather gloves with extra padding on the backhand side of the gloves.

Snake Hooks

Different sizes for different applications.

Snake Tongs

Different sizes for different applications.

Snappy Snares

Available in coated vinyl and stainless steel.

Carrying Cages

Available in three sizes. Includes a hand guard to protect hands from teeth and claws. Features slide doors for less chance of escape during transfer.
